

## Application to List on the DOE Packaging Exchange

Owner Name (contact): \_\_\_\_\_ email: \_\_\_\_\_ Phone: \_\_\_\_\_

Packaging Ownership: \_\_\_\_\_ Offer: \_\_\_\_\_ Cost: \_\_\_\_\_

Packaging Type: \_\_\_\_\_ Certificate #: \_\_\_\_\_ Package ID No.: \_\_\_\_\_

Model Name/Number: \_\_\_\_\_ Quantity: \_\_\_\_\_ Location: \_\_\_\_\_

General Description (for Exchange listing):

Full Description (pdf filename): \_\_\_\_\_

Photos (jpg or gif filenames): \_\_\_\_\_

Signature: \_\_\_\_\_

### Notes for completing the application

1. Enter the data or select from the drop-down menu.
2. General Description – This information needs to be concise to post on the RAMPAC website. A general description of the packaging, payload cavity dimensions, package weight, and primary RAM mission is sufficient information.
3. Full Description – Provide this information on a separate pdf. It should include a more thorough description of the packaging specifications, RAM shipping information (i.e., contents), etc. For examples, click [here](#) to view a catalog of *DOE Certified Radioactive Materials Transportation Packagings*. Provide the pdf with the application in your email.
4. For packaging designs certified by NRC or DOE, simply list the SAR or SARP number and revision in the Full Description field. The certificate lists all the necessary information.
5. Photos – Provide jpg or gif files with the application in your email.
6. Email completed applications and attachments to [rampac@srs.gov](mailto:rampac@srs.gov)

Questions? Send your questions to [rampac@srs.gov](mailto:rampac@srs.gov) or call the Docket Manager at 803-761-3439.
