DOE Packaging Certification Program

SAV-EM™ – Enabling World-Wide Tracking, Sensing and Alerting

??? World Wide Tracking and Sensing ???

Rapid Deployable Hazardous Gas Analysis System – SAV-EM™

Applications and Status

Applications

- Remote Worker Safety (Remote Oil and Gas Fields and Offshore Platforms)
- Hazardous Mat / Spill Response Team - Location / Coordination / Monitoring
- Forest Wild Fire Fighting
- Nuclear Material Storage / Tracking
- Hazardous Material Storage / Tracking
- VIP and Other Persons of Interest Tracking
- Any application where GPS performance and terrestrial based communication infrastructure alone does not provide confidence of coverage.

Status

- U.S. Patent #9,019,096
- Prototype Hardware Tested and Current Contract in Place for Pre-Production Version
