Dr. James M. Shuler
Manager, Packaging Certification Program
Safety Management and Operations
Office of Environmental Management, EM-60
U.S. Department of Energy
1000 Independence Ave, SW
Washington, DC 20585

Dear Dr. Shuler:

As your June 29, 2006 letter requested, the U.S. Department of Energy has been registered as an assembler of IAEA Certificate of Competent Authority No. USA/0696/S-96 for the QSA Global, Inc. Model II Source Capsule. The source described in the attached certificate has demonstrated its ability to meet the regulatory requirements for special form radioactive material as prescribed in the regulations of the United States of America and the International Atomic Energy Agency.

A copy of the certificate is attached. All future revisions of the certificate will be forwarded to the U.S. Department of Energy at the above address.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard W. Boyle".

Richard W. Boyle, Chief
Radioactive Materials Branch
Office of Hazardous Materials
Technology

Dear Mr. Mark A. Gilbertson,

As your June 29 2006 letter requested, Department of Energy has been registered as a user of IAEA Certificate Competent Authority USA/0696/S-96 for the QSA Global Inc. Model II Source Capsule. The source described in the attached certificate has demonstrated its ability to meet the regulatory requirements for special form radioactive material as prescribed in the regulations of the United States of America and the International Atomic Energy Agency. A copy of the certificate is enclosed. All future revisions of the certificate will be forwarded to Department of Energy at the email address.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard W. Boyle". The signature is fluid and cursive, with the first and last names being the most prominent.

Richard W. Boyle, Chief
Radioactive Materials Branch
Office of Hazardous Materials Technology
