No letters sent as I just listed DOE on original (Rev. 0) certificate. You show up on RU list but no letters are sent.

Did you issue letters for 0849 & 0850? I never received a copy (from Dr. Shuler).

Japan went to 2018 regulations/certificates so (off the top of my head) only 0849 and 0850 are valid. Didn't look at expiration date on others.

Hey Rick,

Thanks!

I'm a little confused on these CACs since there are multiple CACs for the same package identification (model).

For the JMS-87Y-18.5T package: 0401, 558, 0605, 0607, 0713, & **0849**.

For the ID JRC-80Y-20T package: 0208 & **0850**.

Larry

Good morning Larry,

I am more efficient than I thought. DOE is already registered as a user of the package designs. I attached certificates with RU list.
